Have you ever wondered how to “grow” colored carnations? Experiment with food coloring and learn how to turn white carnations into multicolored flowers. Then discuss the science behind the results.  
**SO much more!!!**

“So, would you take a person with dementia to the beach? Yes, take them to the beach! It can evoke Proust effects and enhance their joy and well-being. Although, we still do not know what the Proust effect does inside the minds of people with dementia, we can oftentimes observe the result as an enhanced state of calmness with perhaps a little smile on their face. People with dementia who have lost so much of their quality of life can still experience moments of joy and serenity through their sense memories.” - Cretien van Campen

Due to the overwhelming success of our Beach Trips, the Garden team would like to “Make The Day” of selected resident’s and family members of the Garden by planning another trip to the beach at **Ocean City, New Jersey on Thursday September 21, 2017** traveling via Hagey Tours wheelchair accessible coach . We are requesting for all residents to have family member accompany them so your loved one will have a one on one companion in addition to

Garden team members escorting for safety and well-being of the residents on the trip. Additional family members may attend pending space availability. Residents from Lakeview, Pine Run’s Personal Care Community, has again wanted to join in on the trip. This year we are accepting positive RSVP on a first come basis due to space on the Hagey Coach. We estimate the approximate pricing will be \$35 per person. The actual cost will be communicated once the final roster for the trip is determined. The charge for both resident and family member will be added to the resident’s monthly bill for the date the trip takes place.

**Please RSVP to Emily by September 11<sup>th</sup> utilizing the form that will be sent to you.**
