RE: Entering YELLOW Phase in the Village

I am pleased to inform you that the Ferry Road Campus will move into the YELLOW phase tomorrow, Friday, June 5.

For Villagers, this means some restrictions will loosen, while others will stay in place:

- ❖ Visitors will be permitted on campus to visit you in your home. You may also walk around the campus together. Visitors will not be permitted in the Hub.
- ❖ Some programming will restart; however, there will be no outside speakers until possibly September. Attendance will be limited to 25, including the presenter, performer(s), and staff. Programs will take place Monday through Friday from 10 AM to 3 PM, as they must be closely monitored for compliance.
- ❖ Sunday Services may return on June 7 with an in-house provider. Programming could be repeated to accommodate the limited attendance.
- ❖ Movies may return the week of June 8 (dates and times to be determined by the Villager Committee).
- ❖ Entertainment (in-house performers only) may return the week of June 15 (dates and times to be determined by the committee).
- ❖ Keep on Learning (in-house performers only) may return the week of June 22 (dates and times to be determined by Life Enrichment Director Deb Amundson).
- ❖ Villager Board Committees that wish to meet MUST adhere to our established guidelines (social distancing, facemasks, and handwashing). Outside seating areas may be used, weather permitting.
- ❖ Take-out at the Grille will continue. Please adhere to your cluster's pick-up schedule. Please obtain your meal and leave the Hub. Do not walk around the building.
- ❖ Outdoor exercise programs will resume.
- ❖ The Greenhouse will reopen.

OVER, PLEASE

- ❖ Thursday's Villager "Thank-You" event for Associates will be rescheduled by the Villagers who organized it.
- ❖ Iron Hill Road cul-de-sac visits are no longer necessary.
- ❖ We will continue to screen Villagers at the Gate House. We will also screen visitors upon their arrival.

Our Associates continue to follow public health recommendations (strict handwashing procedures, wearing facemasks, and social distancing). We will continue to screen them upon arrival and departure and take their temperatures at the Gate House.

Please be sure to continue to follow these guidelines, as well. Again, we ask that you don a mask when an Associate comes to your door, and socially distance from Housekeepers and other Associates when they are in your home.

I wish you all continued good health in these challenging times. We are all in this together.
