

Retirement Community

December 23, 2020

Dear Health Center/Lakeview/Garden Families, Loved Ones, and Responsible Parties,

As you know, the first of the COVID-19 vaccines has been authorized and ready for distribution in the United States. Doylestown Health Associates, which includes Pine Run's healthcare workers, were among the first in the nation to receive the vaccination.

CVS Health and Walgreens have partnered with the Federal Government to administer the vaccines to nursing home residents. Pine Run is working with CVS and Omnicare to vaccinate Health Center, Lakeview, and Garden Residents. We are encouraged that it will serve as another much-needed layer of protection against the devastation of this virus.

Please review the attached document, *COVID-19 Vaccination Frequently Asked Questions*, compiled by CVS/Omnicare. You may also view it on our website: www.pinerun.org.

We have also attached the ***COVID-19 Responsible Party Consent Form***, which must be completed and returned to your respective facility administrator (see below) for your loved one to receive the vaccine. This is a two-step process; Residents must receive both doses. ***It is also time-sensitive; please review, complete, and return this form no later than Sunday, December 27, 2020.***

If you have additional questions or concerns regarding the vaccine, we encourage you to contact your loved one's physician directly.

CVS/Omnicare Vaccination Clinic Dates:

Pine Run Health Center:	December 29 and January 19
Pine Run Lakeview:	To Be Announced
The Garden at Pine Run:	To Be Announced

As always, thank you for your continued patience, understanding, and support.

Sincerely,

Sandy Stiles
Senior Administrator
Pine Run Health Center

Kate Gilbert
Senior Administrator
Pine Run Lakeview

Mary Beth Baringer
Administrator
The Garden at Pine Run
